Johnsonville rugby football academy aims to foster development in all areas of the game, both on and off the field. Young ambitious players leave JRFA equipped with the knowledge and skills that will improve their performance and rugby knowledge with immediate effect, and long after the Academy is complete. At the Johnsonville Rugby Academy we firmly believe the key to unlocking potential is to provide a fun learning environment where every player grows and develops themselves as a leader and team player. That's why our coaches come from a diverse background of not only having playing rugby at representative levels but also coaching at all levels from junior through to representative sides.

What does our programme offer? The opportunity to participate in an advanced and intensive rugby programme. Each player will be exposed to a more in-depth training and learning environment which will enhance and maximise their rugby development and body management.

A photograph of three young men in the foreground, looking towards the camera with various expressions. They are wearing dark-colored shirts. In the background, several other young men in blue and white striped rugby jerseys are running on a grassy field. A large, semi-transparent dark brown rectangle is overlaid on the center of the image, containing white text. The text is centered and reads:

Objective
The Johnsonville
Rugby Academy's
goal is to ensure the
players involved are
the best they can be
both on and off the
field. Assisting in
rugby development,
body management
and life skills this
programme will aid in
your overall
performance and
potential.
